

Umesh Kumar, PhD

Contact Details

E-Mail-Address: kumarumesh022@gmail.com

Mobile Number: +91 9517396699

Nationality: Indian

Profile Links: [Google Scholar](#); [LinkedIn](#); [Orchid](#); [PubMed](#); [Scopus](#); [ResearchGate](#); [Web of Science](#).

Address: Lucknow, India

D.O.B: 01st February 1991

Skill: Metabolomics, Biomarker Discovery, Python/R

Professional Profile

Metabolomics researcher with 7+ years of experience in NMR, LC-MS/MS, and GC-MS/MS-based metabolomics and lipidomics. Skilled in method development, large-scale clinical and pre-clinical sample analysis, and multivariate statistical analysis. Proven publication record (30+ papers, h-index 20, citations ~1050) and international postdoctoral experience (Austria). Passionate about biomarker discovery, translational metabolomics, and precision medicine. Currently seeking a Postdoctoral/Scientist position to advance metabolomics-driven biomedical research.

Work Experience

Postdoctoral Researcher

University of Innsbruck

Innsbruck, Austria | May 2023 – June 2024

- Developed and optimized SOPs for stool, saliva, and urine metabolomics (NMR-based).
- Processed and analysed >1200 clinical samples under the VASCage programme on vascular health.
- Collaborated with clinicians and interdisciplinary researchers, contributing to high-quality manuscripts.

Research Associate-III

NATIONAL BUREAU OF ANIMAL GENETIC RESOURCES

Karnal, India | Dec 2021 – March 2023

- Characterized Ladakhi cow and yak colostrum using NMR and LC/GC-MS-based metabolomics.
- Conducted RNA isolation, antioxidant assays, ELISA, flow cytometry, microscopy, and animal handling.
- Supported a national-level mega project on identifying biomolecules with therapeutic potential.

Senior Research Fellow (PhD)

CENTRE OF BIOMEDICAL RESEARCH (CBMR)

Lucknow, India | September 2015 – October 2021

- Identified metabolic signatures of autoimmune inflammatory diseases (Takayasu arteritis, Lupus Nephritis).
- Carried out NMR spectroscopy (400–800 MHz) and multivariate statistical analyses.
- Drafted manuscripts, guided MSc dissertations, and collaborated with clinical partners.

Project Assistant- Parasitology Lab

Bareilly College Bareilly (MJPR University)

Bareilly, India | May 2014 – August 2015

- Specialised in collection and isolation of root-knot nematode, *Meloidogyne incognita*.
- Prepared samples for electron microscopy and SEM analysis.
- Investigated nematicidal effects of herbal extract.

Summer Intern

Indian Institute of Science (IISc)

Bangalore, India | May 2011 – July 2011

- **Project:** *Molecular Phylogeny of Hemidactylus brookii species complex in the Himalayas region.*

- Performed DNA isolation and purification of *Hemidactylus brookii* as Summer Intern.
- Supported research team with electrophoresis procedures.
- Analysed genetic data for molecular phylogeny during summer internship

Education

- **PhD (Clinical Metabolomics)** – Centre of Biomedical Research, Lucknow, India (2015–2020)
- **MSc (Zoology)** – BBA University (Central University), Lucknow, India (2010–2012)
- **BSc (Zoology/Chemistry)** – MJP Rohilkhand University, Bareilly, India (2007–2010)

Technical Key Skills

NMR based Metabolomics

- **Analytical Skills**- 1D & 2D-NMR data acquisition from Solution-state 400, 600 & 800 MHz NMR ^1H -NMR (CPMG, ZGPR, NOESY etc), ^1H - ^1H NMR (JRES, COSY), ^1H - ^{13}C NMR (HSQC, HMBC and TOCSY).
- **Computational Skills** - Topspin, Amix Aurelia (spectral bucketing), Chenomx (Conc. profiling).

LCMS/GCMS Based Metabolomics and Lipidomics

- **Analytical Skills** -HPLC (Agilent &Water), LC-MS/MS (Agilent &Water) and GC-MS/MS (Shimadzu)
- **Computational Skills**- MetaboAnalyst, Compound discoverer, MS-Omics, MS-Dial, XCMS, lipid maps.

Multivariate Statistical Analysis (MVSA)

- **Data Analysis and Visualization**: Python/R (basic), MetaboAnalyst, SIMCA, GraphPad Prism, Excel
- **Other tools**: SIGMA plot, Venny 2.1.0, Chiplot, Biorender, Chem Biodraw, Adobe Illustrator, Origin etc.
- **Database**: HMDB, Reactome Pathway Database, Pathbank, Pathviews

Other Tools/Techniques

- **Instrument**: FTIR, UV, Microscopes, Centrifugation machines, Lyophilizer, Sonication etc.
- **Biological Skills**: Preparation of serum, plasma, urine, faeces, saliva, milk, tissue biopsy; cell culture; animal handling
- **Molecular Biology**: ELISA, Antioxidant Assay, DNA/RNA Isolation.

Trainings/ Additional Roles:

Analytical Trainee

 – Fare Labs Pvt Ltd, India (April-July 2025)

- Handling CRM, stock management, and QA/QC support for laboratory operations.
- Performed pesticide/antibiotic residue detection in cereals, milk, and vegetables using LC-MS/MS and GC-MS/MS.
- Supported method development, instrument calibration, and troubleshooting.

Guest Faculty- NS Postgraduate College, Kanpur University (Aug 2024 – Apr 2025).

Awards & Recognitions

- **Indian Council of Medical Research**-Junior Research Fellow- **2015**
- **Indian Council of Medical Research** -Senior Research Fellow-**2018**
- **CSIR NET (Lectureship, 2015.)**
- **Review Editor** – *Frontiers in Molecular Biosciences*

Key Publications
